Job Summary

We are looking for an experienced Full Stack Developer to join our team, with a focus on developing and integrating applications using PayPal solutions. The ideal candidate will have strong expertise in Java, Spring, TypeScript, JavaScript, and frameworks like React and Node.js, as well as experience in building RESTful services.

Key Responsibilities

- **API Development:** Write effective and efficient APIs to support application functionality.
- **Frontend Development:** Build and maintain the front end of applications, leveraging existing PayPal solutions.
- **Backend Integration:** Integrate applications with databases and required services within the PayPal ecosystem.
- **Testing and Optimization:** Ensure software responsiveness and efficiency through rigorous testing.
- **Troubleshooting and Debugging:** Identify, troubleshoot, and resolve application issues.
- **Documentation:** Prepare and maintain technical documentation for application functionalities and processes.

Requirements and Skills

- **Experience:**
 - 2+ years of experience with Java and Spring.
 - 2+ years of experience with TypeScript and JavaScript.
- **Frameworks:** Proficiency in React and Node.js.
- **RESTful Services:** Strong experience in developing and working with REST services.
- **Databases:** Familiarity with MySQL and MongoDB.
- **Soft Skills:**
 - Excellent problem-solving and analytical skills.
 - Strong verbal and written communication abilities.
- **Preferred Qualifications:**
 - Experience in Agile environments.
 - Bachelor's degree in Computer Science or a related field.
