Job Description

Experience: 7-10 years

Job Description:

We are looking for an experienced SAP GRC Consultant with expertise in SAP Security, Risk Management, and Role Management. The ideal candidate should have strong problem-solving and project coordination skills to lead SAP security implementations and improvements.

Key Responsibilities:

- Lead the design, development, and implementation of SAP security solutions for ECC, HANA, Fiori, and GRC.
- Manage end-to-end role configuration, implementation, and rollouts.
- Perform SAP GRC Risk Management (SOD checks) and SAP ECC Security user management.
- Oversee role management, user provisioning, and authorization security.
- Act as an SME (Subject Matter Expert) and provide advisory support to senior management.
- Ensure quality, scope, and timeline management for SAP projects.
- Provide recommendations for business performance improvements.
- Manage work assignments, quality control, and team development.
- Collaborate with cross-functional teams to enhance security and system performance.

Required Skills & Qualifications:

- 7-10 years of experience in SAP Security & GRC.
 - Strong knowledge of SAP ECC, HANA, and Fiori Security.
 - Expertise in role configuration, user provisioning, and authorization security.
 - Experience in GRC Risk Management (SOD checks).
 - Excellent problem-solving and project coordination skills.
- Exposure to project management, including stakeholder and risk management.
- Strong communication and leadership skills.

Preferred Skills:

- Experience with performance tuning and security best practices.
- Hands-on knowledge of SAP system audits and compliance.
